III. DISCUSSION OF PROGRAM DATA & RESOURCE REQUESTS (suggested length of 2 pages)

Each program should provide a one-page discussion of the program data available through University Dashboard. This discussion should include an analysis of trends and areas of concern. Programs should also include in this discussion requests for additional resources including space and tenure track hires. Resource requests must be supported by reference to University Dashboard data.
Requests for tenure track hires should indicate the area and rank that the program is requesting to hire. If a program is not requesting resources in that year, indicate that no resources are requested.
